There ae hardly 30 Days to go for this seminar it is requested to send your research papers soon, & participate in maximum numbers.

## **Aims**

This conference is an effort to elucidate factors responsible for development and adaptation of Indian culture in South East Asia, nature of interactions and its syncretism in the indigenous society and vice versa. It will also bring recent historical and archaeological researches to showcase the common cultural elements in India and South East Asia. The Conference will discuss the dynamics of regional and trans regional trade that brought change to South East Asian societies during this period. Also the Conference will access the timeline of historical development in the South East Asia. It aims at:-

- To enhance understanding of the linkages between India and South East Asian countries; better understanding between our peoples and deeper integration of our societies.
- To stimulate intellectual exchange on the historical and contemporary socio-cultural linkages that bind us, enabling us to acquire a better understanding of our shared heritage and histories.
- To preserve, protect and restore elements representing the civilizational bonds between India and South East Asia.
- Cultural and intellectual exchanges and people-to-people contacts continue to be an important pillar of India-South East Asia relations today, and this conference is one of the initiatives to expand them.

## **Themes:**

- Historiography of cultural interaction between India and South East Asia
- Sacred Geographies and Localisations of Beliefs
